

We work with Steel Wheel Tavern, a reputable establishment that has partnered with us in providing bar service and bar staff for our events.

Why chose a bar package over providing our own liquor and using a bartender? A bar package provides peace of mind to you. Steel Wheel's professionally trained staff will not only provide outstanding service but will make sure everyone is safe. Sometimes things can get out of hand. Rest assured that all the liability regarding bar service will be theirs. They are also highly trained to delicately handle any possible situations with ease. Steel Wheel's bartenders also have mastered craft cocktailing and can create a signature drink just for your event.

Is it cheaper to provide your own alcohol and just hire one of Hoboken Catering's bartenders? Yes, but the responsibility will fall on to you. Our staff are not liable or allowed to interfere with your guests. They also cannot stop them from grabbing their own drinks if they chose to.
